

## VOC Compliance

June 8, 2015

All waterborne concrete sealing and densifying products manufactured for the **ULTRAFLOOR®** Architectural Polished Concrete System contain less than 50 grams per liter VOC content and are compliant with the regulations established by the South Coast Air Quality Management District (SCAQMD). Testing is compliant with the methodologies outlined in CDPH Standard Method v1.1-2010 for Mineral Based Finish Flooring products by measurement and consistent with SCAQMD Rule 1113 and Rule 1168. Products meeting these standards include;

FLOR-SIL™	Lithium Densifier
FLOR-SHIELD™	Surface Densifying and Protective Treatment
FLOR-FINISH™	Stain and Wear Protection
FLOR-GUARD™ EX	Protective Surface Clear Coat
FLOR-FILL™ RSG	Reactive Surface Grout
FLOR-COLOR™	Water Born Dye
